

TERMINAL BLOCK Connector

SMD Terminal Block

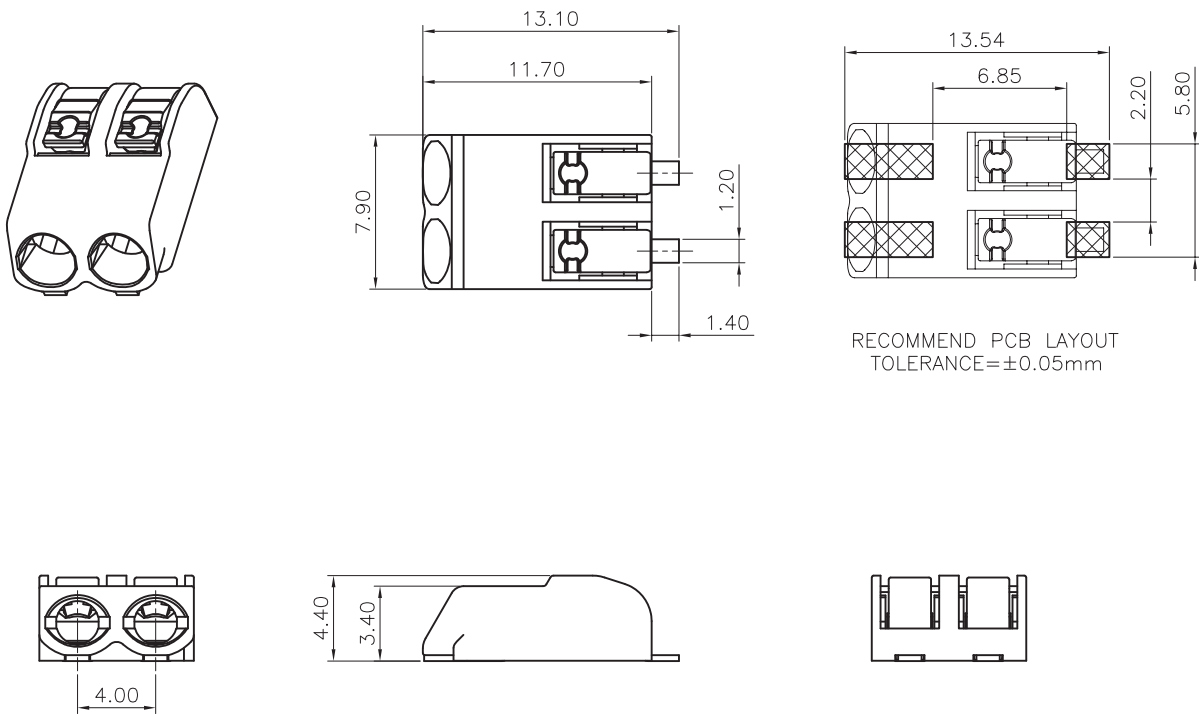

KLS2-L13 Thru-Hole Poke-In Wire Lighting Terminal Block

Material:

Contact Material: Copper Alloy, Tin
Housing Material: UL 94V-0 Liquid Crystal Polymer (LCP)

Technical parameters:

Rated voltage: 320V
Maximum current: 9A
Cross section: 0.2-0.75 mm²
Wiring method: fine-stranded
Cross section: 24 - 18 AWG
Working temperature: -40°C ~ +105°C

ORDER INFORMATION

Product NO.: KLS2-L13-02P
