## FT232RL FT232 USB To TTL Download Cable To Serial

### Product Details

FT232RL 3.3V 5.5V FTDI USB to TTL Serial Adapter Module Arduino Mini Port TE203

### Product Description

Chip: FT232RL

Draw out all signal port of FT232RL chip.

RXD/TXD transceiver communication indicator.

USB power supply, can choose 5V or 3.3V ,set by jumper.

With over current protection, using 500MA self-restore fuse.

Pin definition: DTR,RXD,TX,VCC,CTS,GND

Pitch:2.54mm

Module size:36mm(length)\*18mm(width)

Interface: Mini USB

### Package included:

1X FT232RL 3.3V 5.5V FTDI USB to TTL Serial Adapter Module for Arduino Mini Port
